

Ordinary People
The Wilders

Ordinary people

You ll have to listen to the song to get the exact timing for chords.

D **G**
As the people move by look in thier eyes
You might find someone you recognize
It could be a good friend from long ago
And maybe some girl youâ€™d still like to know
Am **C** **G** **D**
Youvâ€™e seen her all around this town
And sheâ€™s not gonna bring you down
Go out and find her make it a game
Sheâ€™s thinking of you and feels the same
Way â€|you do
Just like ordinary people feelin blue
Chorus:

D **G**
I know she gets lonely
Oh oh sheâ€™s so lonely

Look out kid shes gonna break your heart
We all saw that right from the start
Iâ€™m a little surprised you didnâ€™t see it too
Just look at all the crazy things that girls been doin to you
Look at all those crazy things that she does to you
Look at all those crazy things that she does to you
And you do em to her too
Yea, you do em to her too
