

Stay With Me
The Wilders

Stay with me
The Wilders
Written by Nate Gawron

A
Weâ€™ve got a lot to do
 G **D** **A**
And no good way to do it
A
I know you wonder why
A
After all this time
 G **D**
Should we keep going through
I know my foolish pride gets the best of me
For why I cannot say
But Iâ€™ll put it all aside if youâ€™ll just hold on
E
Now thatâ€™s its all unwound
D
Can we make it a new start
E
When I come back around
D
Baby wont you give me back your heart
A
Why donâ€™t you stay with me
G
Pray with me
D
Let me know with certainty
A
In spite of all weâ€™ve yet to prove
G
We gotta lot to hold on to
D
When we fall and hit the ground
A
Weâ€™ll hold eachother going down
A **B**
This me, how about you
C **D**
Weâ€™ve gotta a lot left to do
Verse Chords
Baby donâ€™t block me out
Iâ€™ll scream and shout
There aint no doubt

I need youâ€™re loving kiss
Cuz when you show your sweet side
Youâ€™re the one I donâ€™t wanna miss
Youâ€™re endless eyes, your sex appeal, your touch your lips I wanna feel
I need em day and night
Baby tear down the walls
Smash em with loves wreckin balls,
Make everything all right
Now thatâ€™s its all unwound
Can we make it a new start
When I come back around
Baby wont you give me back your heart
Why donâ€™t you stay with me
Pray with me
Let me know with certainty
In spite of all weâ€™ve yet to prove
We gotta lot to hold on to
When we fall and hit the ground
Weâ€™ll hold eachother going down
This me, how about you
Weâ€™ve gotta a lot left to do
