And the children they have all gone back to school  
**G D G**  
And my life is as it was before  
**C D G C D**  
I work eight hours a day but the company s still making all the rules  
**C D G C D G**  
There s a girl in Massachusetts south of Boston town she said  
**C D**  
And her lovely face is with me all the day  
**G D G C D G**  
But I met her down in old Tralee , golden hair upon her head  
**D G**  
Well I took her heart and she stole mine away

(Chorus)

**G D G C D G**  
Goodbye my Boston beauty fare well my Boston rose

I ll wait for you I ll think of you no threat to you I ll pose

Theres a song we sang all summer in the bars of Dublin town  
**C D**  
I can here it on the factory radio  
**G D G C D G**  
And the feeling I remember when I here that simple tune  
**C D**  
Make me wonder if it really happened so  
**C D G C D G**  
For we laughed and loved together till the summer days were gone  
**D G C G**  
And she had to fly across the ocean wide  
**D G**  
Well, goodbye my Boston beauty  
**C D G**  
Until we meet again  
**D G C G**

And I ll keep the fire burning deep inside

(Chorus)

**G D G C D G**  
Goodbye my Boston beauty fare well my Boston rose  
**C D**  
I ll wait for you I ll think of you no threat to you I ll pose  
**G D G C D G**  
Good bye my Boston beauty fare well my Boston rose  
**C G D G C G**  
I wish that you were here but I know that s the way life goes
