

**Bit Part**

**The Wooden Sky**

Capo @ 4 (relative to standard tuning)

[1st Verse]

Well, I stood up **C**  
You know I had to keep moving **F**  
I couldn't just sit here alone **Am G**  
In this one place **F**

You called my name **C**  
But you know I never hear you **F**  
But there will always be **Am**  
Some things that stay the same **G F**  
Even in some crazy world **Am G**  
Of constant change **F**

[2nd Verse]

So I changed the locks  
I'm not looking for love, now  
Just another pretty face  
That I could blame

If I get lost  
You know it's all the same, now  
And I don't really even care  
To know her name  
All the people in my past  
Just stay the same

[Chorus]

**Am C**

You know I don't have time

**Am** **C**

To play a bit part in your life

**Am** **C**

Thinking you could change my mind

**G**

That'd be crazy

**Am** **C**

You'd be no friend of mine

**Am** **C**

Be rehearsing all the time

**Am**

Thinking you could put our

**C** **G**

Love upon some stage

[3rd Verse]

So I stood up

Yeah, I had to keep moving

Trying to get a little blood

Back in my veins

We called it off

But I can't sleep, now

Just dreaming every night

What might've been

You know I've been here before

And now I'm here again

[Chorus]

But you know I don't have time

To play a bit part in your life

Thinking you could change my mind

That'd be crazy

You'd be no friend of mine

Be rehearsing all the time

Thinking you could put our love

Upon some stage

[4th verse]

**Am** **C**

You could come around here

**Am** **C**

Just knocking on my door

**Am** **C**

Keeping me up all night

**G**

Just begging me for more

**Am            G            F**

And I m not really sure

**Am            G            F**

What we do these things for

[5th verse]

So I stood up,

Yeah I had to keep moving

I couldn t just sit here alone

In this one place
