

Darker Streets Than Mine
The Wooden Sky

It s my first tab, but it sounds good.

Go on their myspace to listen the song, you will discover a very good band.

Capo 4

C **F**
There are ghosts that walk the streets of this town

C **F**
And a lot of folks have been dying just to keep them around

G **F** **C**
I ain t lost and I sure as hell ain t found

C
By the looks of things it might just rain all night

C **C7**
And we ll be stuck here with no bottles just trying to survive

G **F** **C**
Using fishing wire to build a paper kite

G **F** **C**
Dodging power lines just fending off the night

F
So I got up and I got drunk

Am
And then I got down on my luck

C **F** **G**
Seems ever since you left me I ve been swinging

F
from a tree high above

Am
Where I ve been looking down on love

F **G** **C**
It s been a long time since we talked but I ain t changed

F **G** **C**
And as much as I ain t changed I m not the same

C **F**
So we talked a while and never mentioned our religions

C **F**
I never told her how her god has got me down

G **F** **C**
How the word just ain t been something that I ve found

C
By the looks of things it might just rain all night

C
And if we re stuck here with no bottles

C7

Then we might as well get high

G **F** **C**
Using razor blades to cut out both our eyes
G **F** **C**
So when the morning comes we still won't see the light

F
So I got up and I got drunk
Am
And then I got down on my luck
C **F** **G**
Seems ever since you left me I've been swinging
F
from a tree high above
Am
Where I've been looking down on love
F **G** **C**
It's been a long time since we talked but I ain't changed
F **G** **C**
And as much as I ain't changed I'm not the same
