

My Old Ghosts
The Wooden Sky

Artist: Wooden Sky
Song: My Old Ghosts
Tabbed by: Vance Berisford

This song is played with a capo on the 3rd fret. All chords and tab shown are relative to the capo.

These are the basic chords used in the song. There are two fills shown below that are played basically every time the C and Gsus chords are played. Listen to the song if you aren't sure of the rhythm. I watched a video of them playing the song and I'm pretty confident the chords are spot on.

Chords:

- C** -32010

- Gsus2** 320010
- Am** -02210

C

Horses by my window go

F

When you're fast asleep far below

C

Gsus2

And I hope that you never know

F

Fsus2

That while you sleep I still find time for my old ghosts

C

Am **C**
See I was born just yesterday

F **C**
And I try to tell my feet to stay but they won't
Gsus2

You know it's hard to find a friend
C
But I'm dumb and I might change my mind again

F **Gsus2**
When it's slow I think I'd rather die
F **Fsus2**

Then pass this off on some unsuspecting child

C

Angie came to me today

F
And said she was born to lead but not to say
C **Gsus2**

That she knows there's no hope
F **Fsus2**
Of making good on all those promises that she wrote

C

Am **C**
Surely there's been some mistake

F **C**
Some blind omission or a spot for change but no
Gsus2

You know it's hard to find a friend
C
But I'm dumb and I might change my mind again

F **Gsus2**
When I'm low I still look to ghosts
F **Fsus2**
To keep a cool eye on the hand that holds my throat

Am **C**
See I was born just yesterday

F **C**
And I try to tell my feet to stay but they won't
