

Starlit Sky
The Workday Release

This is my first tab! Hope it s helpful!

Intro

I m weak enough to recognize
that this is the first time love has caught me by surprise
and it s been years, my dear
since I have missed someone like I miss you
so promise you ll stay right here beneath the starlit sky
cuz I can t contain the way I feel when Iâ€™m here by your side
and if ever there be a smile to melt this boy s cold heart,
darling, it s yours. Darling it s yours.

I m growing weaker now
cuz every time I look in her eyes I m forced to cover mine
my nervous bones are shaking oh,
and it s her laugh that brings me back home
so promise you ll stay right here beneath the starlit sky
cuz I can t contain the way I feel when Iâ€™m here by your side
and if ever there be a smile to melt this boy s cold heart,
darling, it s yours. Darling it s yours.

I found you love (2x)

So promise you ll stay right here and smile like you do,
if ever there be a girl for me, I m sure it s you.

so promise you ll stay right here beneath the starlit sky
cuz I can t contain the way I feel when Iâ€™m here by your side
and if ever there be a smile to melt this boy s cold heart,
darling, it s yours. Darling it s yours.
