

Stand Still Look Pretty
The Wreckers

The other versions of this song sounded totally wrong to me, so i made my own chords. hope you ll like it:)

You can change the **F** in the verses to an **Dm** if you think that sounds better.

Dm Bb F Bb
I want to paint my face
Dm Bb F Bb
And pretend that I am someone else
Dm Bb F Bb
Sometimes I get so fed up
Dm Bb F Bb
I don t even want to look at myself

C C Bb
But people have problems that are worse than mine
C C Bb
I don t want you to think I m complaining all the time
C C Bb
And I hate the way you look at me I have to say
Dm Bb F Bb Dm
I wish I could start over

[Chorus]

Gm Bb F C
I am slowly falling apart
Gm Gm F C
I wish you d take a walk in my shoes for a start
Gm Bb F C Gm
You might think it s easy being me
Bb(Strum and hold)
You just stand still, look pretty

[Verse]

Sometimes I find myself shaking
In the middle of the night
And then it hits me and I can t
Even believe this is my life

But people have problems that are worse than mine
I don t want you to think I m complaining all the time
And I wish that everyone would go and shut their mouths
I m not strong enough to deal with it

[Chorusx2]
