

Stand Still Look Pretty
The Wreckers

The other versions of this song sounded totally wrong to me, so i made my own chords. hope you ll like it:)

You can change the **A** in the verses to an **F#m** if you think that sounds better.

F#m D A D
I want to paint my face
F#m D A D
And pretend that I am someone else
F#m D A D
Sometimes I get so fed up
F#m D A D
I don t even want to look at myself

E E D
But people have problems that are worse than mine
E E D
I don t want you to think I m complaining all the time
E E D
And I hate the way you look at me I have to say
F#m D A D F#m
I wish I could start over

[Chorus]

Bm D A E
I am slowly falling apart
Bm Bm A E
I wish you d take a walk in my shoes for a start
Bm D A E Bm
You might think it s easy being me
D(Strum and hold)
You just stand still, look pretty

[Verse]

Sometimes I find myself shaking
In the middle of the night
And then it hits me and I can t
Even believe this is my life

But people have problems that are worse than mine
I don t want you to think I m complaining all the time
And I wish that everyone would go and shut their mouths
I m not strong enough to deal with it

[Chorusx2]
