

## Angels

The xx

[Intro] D F#m E D

[Verse 1]

D F#m  
Light reflects from your shadow  
E D  
It is more than i thought could exist  
D F#m  
You move through the room  
E  
Like breathing was easy  
D  
If someone believed me

[Chorus]

They would be  
D E A  
As in love with you as i am  
They would be  
D E A  
As in love with you as i am  
They would be  
D E A  
In love, love, love

[Verse 2]

D F#m  
And everyday  
E  
I am learning about you  
D  
The things that no one else sees  
D F#m  
And the end comes too soon  
E  
Like dreaming of angels  
E  
And leaving without them  
E  
And leaving without them

[Chorus]

Being

**D** **E** **A**

As in love with you as i am

Being

**D** **E** **A**

As in love with you as i am

Being

**D** **E** **A**

As in love, love, love

[Verse 3]

**D** **F#m**

And with words unspoken

**E**

A silent devotion

**D**

I know you know what i mean

**D** **F#m**

And the end is unknown

**E**

But i think im ready

**D**

As long as youre with me

[Chorus]

**D** **E** **A**

As in love with you as i am

Being
