

Reunion

The xx

Verso

-----2-----
---3--2---5-----3-----
---4--2---4-----4-----

We visit a life we both left behind
We know the heart
Move to the ever-moving
Or, blazin , we go over
And over and over and over again

2x

at the end

-----2-----2---2---2-----
---3--2---5-----3-----5---5---5---5---3---
---4--2---4-----4-----
---4--2---6-----4-----

If I wait too long, I lose you from my sight
Maybe tonight
I could stop dreaming
And start believing in forever
And ever and ever and ever again

Reunion, reunion
Reunion, reunion
Never not ever, never not ever again

-----4-----

And it s burning inside til you give it up

How long should I wait?
There s no need to hide, I let
Only you in here

---2--2---4---4---2---2-----
---3--2---5---5---3---3-----
---4--2---6---4---2---2-----
---4--4---6---6---0---0-----

There s an end to us with someone else inside
You shine your light
There goes that feeling, won t let me see them
Never not ever, never not ever again

---11--9---9---7-----
---11--11--9---9-----
---9---12--7-----

Did I see you see me in a new light?
Did I see you see me in a new light?
Did I see you see me in a new light?
Never not ever again
Did I (Never not ever) see you (Never again)
See me (Never not ever) in a new light? (Never not ever again)
Did I see you see me?
Never not ever, never not ever again
