

**Sundays Best
The Years Gone By**

[Verse]

Bm **G** **A**
Motionless I fall down, from waiting for nothing

Bm **G** **A**
Tired of screaming my lungs out, cuz I have given up on you

Bm **G**
The only thing that I ve found

A
It s easy to forget when you re unconscious

Bm **G** **A**
And I forgot for so many nights in a row

Bm **G** **A**
I miss the way your heart beats I still feel it beating

Bm **G** **A**
If I counted my sleepless nights, I d be up and counting (every night)

Bm **G** **A**
But then you said the words I miss you and I m so, so over it

Bm **G** **A**
You know I m such a sucker for the way you say you re sorry (sorry)

Bm **G** **A**
You got my heartbeat racing again, like you wouldn t believe (like you wouldn t believe)

[Chorus]

G **A**
And I would take it back in a heartbeat

D **G**
I know this. I m lost without you

A **D**
I can t go back. cuz I need to be the one you re saving

G **A** **D**
Sunday s best we re never perfect and my regrets could never surface

G **A** **D**
(tell me) tell me tell me once again...

x **D**
How I m the best part of believing
