[Bridge: nobigdyl]
          Bm   **G**
I was in a rut, I had given up, it was in my blood
D   **F#m**
I would trade it all for shame when You give me love
  Bm   **G**
I took Your words and made a riddle with that
                  D   **F#m**
Then I cried a river and You went and built a bridge over that (bridge over
that)
Bm   **G**
Rainstorms, rainbow, You brought the Skittles to that
          D
You gave me love when I had none, (yea it s simple as that)

[Chorus 2: McKenna Johns]
