(same as verse)

On the road I dream of home and when at home I dream of action.
Our apartments are all haunted by the ghost of satisfaction.
Cause we all want something that s bigger than fashion.
So spill out your heart brother, show me your passion
Spill out your heart sister, show me your passion.

Just listen to the song and work out rythm and strumming pattern, I know there
are some
with the bridge i havent quite worked out yet- everyone is coming in the door
now making
and i m tired...
