I sleep so easy

There s nothing on my mind

And life seems kind

Now, I want her she wants me

I walk downtown and as I look around me

All around me

The people smile at me

It s plain to see that

I want her she wants me

G **Fm**
She told me to be careful
D# **Dm** **Cm**
If I loved her, oooh

Cause she had given her heart
Cm **D** **Em**
Once before...

G **D** **C** **Em**
And now she knows she doesn t have to worry

I would not make her sorry
D **G**
There s nothing on my mind
