Sunshower

C **G/B** **Am** **Gm** **F** **Em**
When the summer lies like a lazy dog
Dm **Am** **G/B** **C** **Am** **F**
And the dust is rising like a fine feathered fog
Dm **G7** **F** **A7**
And the hog is sleeping like a log
D **F#m** **Gmaj7** **D** **F#m** **F**
And the welcome wind like a long lost friend bring the clouds along.

C **G/B** **Am** **Gm** **F** **Em**
And the thunder sits in the rumble seat
Dm **Am** **G/B** **C** **Am** **F**
And the mist comes drifting on your hard swollen feet
Dm **G7** **F** **A7**
And the heat and haze and thunder meet
D **F#m** **Gmaj7** **D** **F#m** **F**
And the rain comes down in a silver gown and simply stands around
Ebmaj7 **Bbmaj7** **C** **D** **C** **D**
When the light and the water share the same sky in the same hour
A7 **D** **E**
Hallelujah, It s a sunshower
A7 **B**
Hallelujah, It`s a sunshower

Such is love, my friend in the early days
When your hopes are rising through a hole in the haze
In a daze, but there`s a second phase
On the second thought, when you find you`re caught in a moving maze

And the sadness comes without your consent
And you find yourself explaining
All the things that you meant you repent and try to pay the rent
But the tears will fall, walking down the hall on eviction day
And regret and release share the same sigh in the same eye
Hallelujah, It`s a sunshower
Hallelujah, It`s a sunshower
