Here comes the night

E A

Here comes the night

Whoa-whoa-whoa-yeah

E

I could see right out my window

Walking down the street, my girl

A B7

With another guy

E

His arm around her

Like it used to be with me

Whoa, it makes me want to die

Yeah-yeah-yeah

Well, here it comes

E

Here comes the night

E

Here comes the night

Whoa-whoa-whoa-yeah

There they go

в7

It s funny how they look so good together

Wonder what is wrong with me?

в7

Why can t I, accept the fact she s chosen him

A B7

And simply let them be?

Whoa-whoa-whoa

```
E A
Well, here it comes
              E A
Here comes the night
              E
Here comes the night
Whoa-whoa-whoa-yeah
She s with him he s turning down the lights
And now he s holding her
The way I used to do
I could see, her closing her eyes
   в7
And telling him lies
                            A B7
Exactly like she told me, too
Yeah-yeah-yeah
             E
Well, here it comes
Here comes the night
Here comes the night
Whoa-whoa-whoa-yeah
The long, the long, the long and lonely night (3x)
