All or Nothing

Tune in D#

G A Bm

G A Bm

Bm D A

When i first saw you standing there

E

You know, was a little hard not to stare

Bm D A

So nervous when i drove you home

E

I know being apart s a little hard to bare.

Bm D A

Send some flowers to your work an home

E

So that i will have you in my arms again

Bm D A

We kissed that night before i left, still

E G

now it was something I could never forget

G A

You ve got all that i need

G A

Looking at all or nothing

Bm

Babe it s you and i

With you i know that

G

I am good for something

A Bm

So lets go give it a try

G D

We got our backs against the ocean

E

It s just us against the world

G A

Looking at all or nothing

Bm

Babe it s you and i

G A

Looking at all or nothing

Bm

Babe it s you and i

Bm D A

Lets take a chance go far away today

E

And never look back again

Bm D A

Since i said i loved you in Las vegas

E G

It s never been the same since then

You ve got all that i need

Looking at all or nothing

With you i know that
