

**Punishment Kiss  
Therapy**

This is on the Babyteeth album, the Caucasian Psychosis compilation album and the Meat Abstract single (does ANYONE have this?!).

Note: A=10, B=11, etc.

Note that the lyrics I ve included here are the current best guess. However, they re totally wacky and don t make sense, so they must be wrong :-)

It s all E5 at the start. Hold, a bit of feedback, and then hit it once every bar, whatever, although it s just bass and drums really with a little bit of high end random stuff:

We re letting the canned bull queen when someone went they came back clean  
 Little bits they find inside came back with more than a stare  
 Chop and change the shape of the lies, hard fought battle with the whipper  
knife  
 They gave way to the Heaven and to Hell, only got the hole in the box instead
