

Where Eagles Dare
Therapy

This is on Violent World -- A Tribute to the Misfits.

Note: A=10, B=11, etc.

There is nothing particularly complex in the song, although my tabbing of the rhythm is probably way out. Just listen to the song to figure it out yourself. In addition, the solo isn't right -- it's actually a bit more flowery than what I've put down. Oh, and there are two guitar parts (one of them plays a lot of slides down for a lot of the piece). Also, there's some sax. I haven't tabbed that part yet.

Final note: there's a pre-chorus bit which is just A5 and G5 but there's a little pause in there. I haven't tabbed it yet either. All in all, a nice incomplete bit of tab!
