

Just In Time
There for Tomorrow

Just do the tabbed part for the verses, and then the chords I know are 100% correct. Have fun...

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----4-----4-----4---4---4---4---4---4---4---4---4---7-|
E|-----7-----7-----7---7---7---7---7---7---7---7---7---7---|
```

Something's wrong with me
I m not getting along with me
My eyes pasted on the ceiling
I can t get my mind to stop working

G#m **E**
I knew all the blackest blues
G#m **E**
You were all my favorite tunes
G#m **F#**
This was all I had to lose

B
Tried out for size
F#
To my surprise
G#m **F#**
I can t fit in anybody s arms
B
No more disguise
F#
Cause I realize
G#m **F#**
I can t fit in anybody s arms
G#m
Oh, you
F#
Oh, you
Left just in time

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----4-----4-----4---4---4---4---4---4---4---4---4---|
```

[illegible]

Should have known to turn
Get ahead of the curve
But I've learned
That failure sounds all too familiar to me
To just get my mind to stop working

G#m **E**
 I knew all the blackest blues
G#m **E**
 You were all my favorite tunes
G#m **F#**
 This was all I had to lose

G#m **F#**
 As the light darkens again
G#m **F#**
 I lose myself within cause in the end
E
 Still I m reminded
G#m
 Still I m reminded
