

Just In Time
There for Tomorrow

Just do the tabbed part for the verses, and then the chords I know are 100% correct. Have fun...

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----4-----4-----4----4----4-----4-----4-----4-----4-----7-|
E|-----7-----7-----7-----7-----7-----7-----7-----7-----7-----|
```

Something's wrong with me
I m not getting along with me
My eyes pasted on the ceiling
I can t get my mind to stop working

F#m **D**
I knew all the blackest blues
F#m **D**
You were all my favorite tunes
F#m **E**
This was all I had to lose

A
Tried out for size
E
To my surprise
F#m **E**
I can t fit in anybody s arms
A
No more disguise
E
Cause I realize
F#m **E**
I can t fit in anybody s arms
F#m
Oh, you
E
Oh, you
Left just in time

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----4-----4-----4----4----4-----4-----4-----4-----4-----|
```

E |-----7-----7-----7-----7-----7-----7-----7-----7-----7-----7-----7-----|

Should have known to turn
Get ahead of the curve
But I've learned
That failure sounds all too familiar to me
To just get my mind to stop working

F#m **D**
 I knew all the blackest blues
F#m **D**
 You were all my favorite tunes
F#m **E**
 This was all I had to lose

F#m **E**
 As the light darkens again
F#m **E**
 I lose myself within cause in the end
D
 Still I m reminded
F#m
 Still I m reminded
