

# Just In Time There for Tomorrow

Just do the tabbed part for the verses, and then the chords I know are 100% correct. Have fun...

G|-----|

A|-----4-----4-----4----4----4-----4-----4-----4-----4-----7-|
E|-----7-----7-----7-----7-----7-----7-----7-----7-----7-----7-----|
```

Something's wrong with me  
I m not getting along with me  
My eyes pasted on the ceiling  
I can t get my mind to stop working

**Gm Eb**  
I knew all the blackest blues  
**Gm Eb**  
You were all my favorite tunes  
**Gm F**  
This was all I had to lose

**Bb**  
Tried out for size  
**F**  
To my surprise  
**Gm F**  
I can t fit in anybody s arms  
**Bb**  
No more disguise  
**F**  
Cause I realize  
**Gm F**  
I can t fit in anybody s arms  
**Gm**  
Oh, you  
**F**  
Oh, you  
Left just in time

```

Should have known to turn  
Get ahead of the curve  
But I've learned  
That failure sounds all too familiar to me  
To just get my mind to stop working

**Gm Eb**  
I knew all the blackest blues

**Gm Eb**  
You were all my favorite tunes

**Gm F**  
This was all I had to lose

**Gm** **F**  
 As the light darkens again  
**Gm** **F**  
 I lose myself within cause in the end  
**Eb**  
 Still I m reminded  
**Gm**  
 Still I m reminded
