

# Just In Time There for Tomorrow

Just do the tabbed part for the verses, and then the chords I know are 100% correct. Have fun...

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----4-----4-----4----4----4-----4-----4-----4-----4-----7-|
E|-----7-----7-----7-----7-----7-----7-----7-----7-----7-----7-----|
```

Something's wrong with me  
I m not getting along with me  
My eyes pasted on the ceiling  
I can t get my mind to stop working

**Bbm F#**  
I knew all the blackest blues  
**Bbm F#**  
You were all my favorite tunes  
**Bbm G#**  
This was all I had to lose

**C#**  
Tried out for size  
**G#**  
To my surprise  
**Bbm G#**  
I can t fit in anybody s arms  
**C#**  
No more disguise  
**G#**  
Cause I realize  
**Bbm G#**  
I can t fit in anybody s arms  
**Bbm**  
Oh, you  
**G#**  
Oh, you  
Left just in time

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----4-----4-----4----4----4-----4-----4-----4-----4-----|
```

E |-----7-----7-----7-----7-----7-----7-----7-----7-----7-----7-----|

Should have known to turn  
Get ahead of the curve  
But I've learned  
That failure sounds all too familiar to me  
To just get my mind to stop working

**Bbm** **F#**  
I knew all the blackest blues

**Bbm** **F#**  
You were all my favorite tunes

**Bbm** **G#**  
This was all I had to lose

**Bbm** **G#**  
 As the light darkens again  
**Bbm** **G#**  
 I lose myself within cause in the end  
**F#**  
 Still I m reminded  
**Bbm**  
 Still I m reminded
