

**F#** **Em**

Here I lie

**A**

Let your head fall on the curbside

**Dm**

And we can dodge cars all night

**F#m**

**Em**

Cause I can only hope you stand corrected

**A**

When the time comes to make leaps and bounds

**Dm**

Right out of this town

(Chorus)

**Bm**

Slip inside, slip inside

**A**

**Em**

Ride the downward slope

**Bm**

Slip inside, slip inside

**A**

**Em**

How far will you go?

**Bm**

Open fire, open fire

**A**

**Em**

On everything you know

**Dm**

I ve been sleeping

In the barrel of your gun

**Bm A Em**

**Bm A Em**

**Bm A Em**

**Dm**

**F#m**

**Em**

I m one step closer to the end, I know

**A**

**Dm**

And I m sliding down, so here I go

**Fm**

**Em**

Cause the road froze over on my way back home

**A**

**Dm**

It s a long October down here in the catacombs

**Bm A Em**

**Bm A Em**

**Bm A Em**

**Bm A Em**

(Chorus)

**Bm**

Slip inside, slip inside

**A** **Em**  
Ride the downward slope

**Bm**  
Slip inside, slip inside

**A** **Em**  
How far will you go?

**Bm**  
Open fire, open fire

**A** **Em**  
On everything you know

**Dm**  
I ve been sleeping  
I ve been sleeping  
In the barrel of your gun
