D

I can just barely hear you

This is a warning

Step away from the car

This car is protected by Viper

Guess where I am

I m calling from the plane

I ll call you when I get there

You won t hear a buzz

But I m buzzing you in

I m buzzing you in

What s your order?

I can super-size that

Please bring your car around

I can hear you

Just barely hear you

I can just barely hear you
