D

I can just barely hear you

This is a warning
Step away from the car
This car is protected by Viper

Guess where I am
I m calling from the plane
I ll call you when I get there

You won t hear a buzz
But I m buzzing you in
I m buzzing you in

What s your order?
I can super-size that
Please bring your car around

I can hear you
Just barely hear you
I can just barely hear you
