They Might Be Giants**

Artist: They Might Be Giants
Song: Memo to Human Resources
Album: Indestructable Object (E.p.)

Verse 1:

C **E**
I ll be in the back
G
And I don t need the help
C **E**
I m good here in the back
G
I m good here by myself
C **E** **G**
I m good here taking stock of all the things that I ve forgot
C **E** **G** **C** **E**
And making mental notes of just exactly where I lost the plot

Verse 2:

I hung around too long
feeling sorry for myself
A dsinvited guest
rifiles through the bathroom shelf
I m searching for some disbelief that i can still suspend
But nevermind the furthermore-the plea is self-defense again

Chorus: (Same chords as verse)

Then the people came to talk me down
And I got some advice
Then the people came to talk me down
But I don t need advice-I m down

Verse 3:

Later in my car
I considered what you said
I m good here in my car
I m good with what you said
And I d be shouting out to you but I was mighty hoarse
With finer points and issues much too small to force

Chorus:

Then the people came to talk me down
And I got some advice
Then the people came to talk me down
But I don t need advice-I m down
