

Number Three

They Might Be Giants

[Chorus]

There s only two songs in me and I just wrote the third
Don t know where I got the inspiration or how I wrote the words
Spent my whole life just digging up my music s shallow grave
For the two songs in me and the third one I just made

[Verse]

A rich man once told me - hey, life s a funny thing
A poor man once told me that he can t afford to speak
Now I m in the middle like a bird without a beak cause

[Chorus]

There s only two songs in me and I just wrote the third
Don t know where I got the inspiration or how I wrote the words
Spent my whole life just digging up my music s shallow grave
For the two songs in me and the third one I just made

[Verse]

So I went to the president and I asked old whats-his-name
Has he ever gotten writer s block or something like the same?
He just started talking like he was on T.V.
If there s just two songs in ya boy, what do you want from me?

[Verse]

So I bought myself some denim pants and a silver guitar
But I flatly told the ladies - you ll still have to call me sir
Cause I have to keep my self-respect or I ll never be a star
Since there s just two songs in me and this is

E

Number three
