In the room there s a chair

And sitting in the chair is

**C C F**  
There s a nose at the end of a snout  
**C C F**  
Of a dog with his head out the window  
**Bb C Bb C**  
Of a car that s driving away from a tree  
**F Bb**  
And at the top of the tree  
**F Bb**  
There s a house, and in the house  
**F Bb**  
There s a room, and in the room  
**F Bb**  
There s a chair, and in the chair is

**F Bb F C**  
There s a plan to eat the house  
**F Bb A**  
In the mind of a mouse in the woods  
**Bb C Bb C**  
And the mouse in the woods has a smell that s detected  
**Bb C Bb C**  
By the nose at the end of a snout of a dog  
**F Bb F Bb**  
And the dog has his head out the window of a car

**F**            **Bb**    **F**            **Bb**  
 And the car is driving away from a tree  
**F**            **Bb**  
 And at the top of the tree

 There s a house, and in the house

**C**            **C**            **F**  
 There are no more potato chips left  
**C**    **C**            **F**  
 In the empty bag in your hand  
**Bb**            **C**            **Bb**    **C**  
 And the crumpling sound of the empty bag  
**Bb**            **C**                            **Bb**            **C**  
 Makes the mice get mad and when the mice get mad  
**Bb**            **C**            **Bb**            **C**  
 It leads to a plan to eat the house  
**Bb**            **C**            **Bb**            **C**  
 And the plans in the mind of a mouse in the woods  
**Bb**            **C**            **Bb**            **C**  
 And the mouse in the woods has a smell that s detected  
**Bb**            **C**            **Bb**            **C**

 There s a house, and in the house  
**F**                            **Bb**  
 There s a room, and in the room

 Y - o - o - o - o - o - o - o - o - u

**C**            **C**            **F**  
 And the reason there are no more chips  
**C**    **C**            **F**  
 In the empty bag in your hand  
**Bb**            **C**            **Bb**    **C**  
 Is that the crumpling sound of the empty bag  
**Bb**            **C**            **Bb**            **C**

Makes the mice get mad, which leads to a plan

**Bb C Bb C**

To eat the house, but just in time

**Bb C Bb C**

The dog arrives to give to the mouse

**F Bb F Bb**

The potato chips that you took from the bag

**F Bb F Bb**

And gave to the dog to deliver to the mouse

**F Bb**

So the mouse would not eat
