Verse 1:

```
B5           G#5           A5           F#5           G#5           F#5  
When the hands that operate the motor lose control of the lever  
B5           G#5           A5           F#5           G#5           F#5  
When the mind of its own in the wheel puts two and two together  
B5           G#5           A5           F#5  
When the indicator says you re out of oil,  
           G#5           F#5  
Should you continue driving anyway?  
B5           G#5           A5           F#5           G#5  
There s a thermostat that regulates the temperature that might not be  
A5           B5           Bb5  
Reliable That should be disconnected
```

Chorus:

```
B5           A5           G#5 G5 F#5  
Turn it up, turn it down  
B5           A5           G#5           G5           F#5  
Turn it up when the cold brings you down  
B5           A5           G#5 G5           F#5  
When the heat bothers you turn it down  
B5           A5           G#5 G5 F#5  
Turn it up, turn it down
```

Post Chorus::

```
G5           F#5  
As I was just saying  
E5           F#5  
As I was just saying  
E5 F#5           G#5           Bb5           B5  
As I was just telling you a minute ago
```

Verse 2:

I was just talking

And Someone interrupted
Or was it a loud explosion?
Or is the thermostat engulfed in flames
Or is it just me?

Chorus:

Turn it up, turn it down
Turn it up when the cold brings you down
When the heat bothers you turn it down
Turn it up, turn it down

Post Chorus:

As I was just saying
As I was just saying
As I was just saying

(Bass Part Repeated)

Final Chorus:

Turn it up, turn it down
Turn it up when the cold brings you down
When the heat bothers you turn it down
Turn it up, turn it down
Turn it up, turn it down
Turn it up when the cold brings you down
When the heat bothers you turn it down
Turn it up, turn it down
