

**Sweet Funny Melody**

**Thiago Pethit**

**Em**

You said that it s too late

**C**

It s not the perfect time

**Em**

You told me You are great

**C**

why can t you be just mine?

Baby

**Em**

You can break my heart in one or two

**C**

or more than a thousand pieces

**Em**

You can bring me down

**C**

You can take me high and fly and fly

**Am**

Oh boy, we still have

**D**

One last dance to dance

**Am**

Let s take it as a bet

**D**

Let s give us one last chance

**Em**

Cause you and I

**C**

We are meant to be

**Em**

Whatever the future might

**C**

Choose for us to see

Again

**Em**

You can break my heart in one or two

**C**

or in a zillion pieces

**Em**

You can bring me down

**C**

You can take me high

**Am**

Oh boy, we still have

**D**

One last dance

**Am**

Let s take it

**D**

Let s give us one last chance

**Em**

I m not as nice

**C**

As you thought I were

**Em**

I m only fine

**C**

I m only what you heard

There we go

( **Em C** ) (2x) ( **Am D** ) (2x)

**E**

Even though

**C**

You like me so

**Em**

You told me no

**C**

just no, no nooo

Once more

**Em**

You can break my heart in one or two

**C**

or in a zillion pieces

**Em**

You can bring me down

**C**

You can take me high

**Am**

Oh boy, we still have

**D**

One last dance

**Am**

Let s take it

**D**

Let s give us one last chance

**Em**

I guess this song

**C**

Is sung off-key

**Em**

That s how I see

**C**

this sweet funny melody

The end
