[Intro]

Cm Eb Ab G
Cm Eb Ab G

[Verse]

Cm Eb
When our world falls to pieces
Ab G
And the moonlight starts to hide
Cm Eb
In a million little splinters
Ab G
In the corners of our mind

Cm Eb
Where endless colors
Ab G
They are swallowed by the sun
Cm Eb
In a trail full of black holes
Ab G
Just before they had become

Cm Eb
And fountains full of flowers
Ab G
On islands full of tears;
Cm Eb
We ll be winners, and fireworks
Ab G
Will explode and disappear

[Chorus]

Cm Eb
You believe what you see;
Ab G
All the things that you know
Cm Eb Ab
But, oh, you, don t know
G Cm Ab
The depth of my soul
G Cm Ab G
The depth of my soul
Cm Ab
Oooh...
G Cm Ab G

The depth of my soul

All the truth that we crave

In a circles of our shadows

Where we play our charades
