

Cruising In The Lizzymobile
Thin Lizzy

Tabbed By: N. Curran [*] *

What a band, what a song, what a song name! This is a less well known Warriors Angels . It s a strange song, I have no idea what to call the different sections, so you ll have to listen to the track to match the TAB with the music. I haven t tabbed the solo becuae it has loadsa crazy effects, which makes it hell to TAB. I ll give it a shot soon and post it up though. Hope this isn t too confusing.
