

**Jailbreak**  
**Thin Lizzy**

[Intro]

**E**  
(hold)  
**A E F# F# E E E F# E** x4  
(staccato)

[Verse 1]

**A**                    **E**                    **F#**                    **E F#**  
Tonight there s gonna be a jailbreak  
**A**                    **E**                    **F#**                    **E F#**  
Somewhere in this town  
**A**                    **E**                    **F#**                    **E F#**  
See me and the boys we don t like it  
**A**                    **E**                    **F#**                    **E F#**  
So were getting up and going down

[Verse 2]

**A**                    **E**                    **F#**                    **E F#**  
Hiding low looking right to left  
**A**                    **E**                    **F#**                    **E F#**  
If you see us coming I think it s best  
**A**                    **E**                    **F#**                    **E F#**  
To move away do you hear what I say  
**A**                    **E**                    **F#**                    **E F#**  
From under my breath

[Chorus]

**B**                    **E**  
Tonight there s gonna be a jailbreak  
**B**                    **E**  
Somewhere in the town  
**B**                    **E**  
Tonight there s gonna be a jailbreak  
**A**                    **G# F#**  
So don t you be around  
**A**                    **E F#**                    **E F#**  
**A**                    **E F#**                    **E F#**  
Don t you be around  
**A**                    **E**                    **F#**                    **E F#**

[Verse 3]

**A**                    **E**                    **F#**                    **E F#**  
Tonight there s gonna be trouble  
**A**                    **E**                    **F#**                    **E F#**  
Some of us won t survive  
**A**                    **E**                    **F#**                    **E F#**  
See the boys and me mean business  
**A**                    **E**                    **F#**                    **E F#**  
Bustin out dead or alive

[Verse 4]

**A**                    **E**                    **F#**                    **E F#**  
I can hear the hound dogs on my trail  
**A**                    **E**                    **F#**                    **E F#**  
All hell breaks loose, alarm and sirens wail  
**A**                    **E**                    **F#**                    **E F#**  
Like the game if you lose  
**A**                    **E**                    **F#**                    **E F#**  
Go to jail

[Chorus]

**B**                    **E**  
Tonight there s gonna be a jailbreak  
**B**                    **E**  
Somewhere in the town  
**B**                    **E**  
Tonight there s gonna be a jailbreak  
**A**                    **G# F#**  
So don t you be around

**B**                    **E**  
Tonight there s gonna trouble  
**B**                    **E**  
I m gonna find myself in  
**B**                    **E**  
Tonight there s gonna be trouble  
**A**                    **G#**                    **F#**  
So woman stay with a friend  
**A**                    **G#**                    **F#**

N.C.

You know it s safer  
**A**                    **G#**                    **F#**
