/juntan

i think the second chord in the chorus is called E/D#  
but i'm not sure. it looks like this:

```
e|-----|
B|--9---|
G|--9---|
D|--9---|
A|--6---|
E|-----|
```

verse

```
          C#m          B          F#m          G#m
Pity the fool, it's hard but he broke a rule

          C#m          B          F#m          G#m
And that isn't done, somehow, someday, Brother will use a gun

          C#m  B          F#m  G#m
Just walking the town. Just painting it sad

          C#m  B          F#m  G#m
It's bringing me down. It's driving me mad

          C#m
Woman is away from me
```

chorus

```
          E          E/D#          C#m          G#m
We will be strong I know we have the strength to carry on

C#m          G#m  A          B
I know my rights from wrong I know you've lost I've won

          E          E/D#          C#m          G#m
We will be stronger And getting stronger every day

C#m          G#m  A          B
Believe me when I say it There is no other way to convey it
```

verse 2

No other way you clown  
Your thoughtfulness has brought us down  
And that isn't right  
That we should walk alone on the streets at night  
Just checking the time

Walking that very fine line  
The humour is black  
The plan is attack  
Now woman is away from me  
But we will be strong

chorus

solo - **F#m G#m C#m B**

verse 3

Down on your luck  
The shock it has struck  
The weak ones will die  
The questions are why? why?  
Does anybody hear?  
Does anybody understand?  
Let me make it clear  
Now s the time to take a stand  
Now woman is away from me  
But we will make it strong

Chorus
