

Take All Of Me
Third Day

I think 3rd day sings this song...

I stumm it like this:

haha...the longer arrows are like a full strums and the shorter ones are like half stumms (in the proper direction)...

Also i play that stumm pattern twice on each chord...what i do for the A2 however, is just add a single full down stroke to the Bsus and play the A2 on that single down stroke, then pause and say the rest of the line...all except for one of the A2 s that A2 (which is labled, is played like the rest of the chords E5, and Bsus)...

E5 **Bsus**
 Take my heart and help me feel
A2(playonsingledownstroke) **E5**
 Take my faith and make it real
Bsus
 Take my eyes and help me see
A2(hereto) **E5**
 All the love surrounding me

Chourus:

A2(play normal stum pattern here)
 Dont let me go
E5
 Hold me close to where You are
Bsus
 Don t let me go
A2(singledownstroke) **E5**
 Take my heart, take all of me
Bsus
 Take my loss and take my gain
A2(singledownstroke) **E5**

Take my trials and take my pain

Bsus

Take my life and let it be

A2(singledownstroke)

E5

All that You would have from me.

(Chorus 2X)

Ending:

Bsus

Don t let me go

A2(singledownstroke)

E5

Take my heart, take all of me

And there you have it...its a fun song to play...
