**C#**

Where did everybody go?

Everyone I know is from the coast and

**Fm**

Shiver in the wind it shows

All I have are summer clothes

**C#**

Oh and it brings me down when it s winter time in a summer town

**Fm**

Winter time in a summer town

**Cm** **Bbm**

All we are are friends we keep or lose in time

**Cm** **Bbm**

Fade away, the precious ones we keep in mind

**Cm** **Bbm** **G#**

I wonder now it I m the one that you d leave behind

**G#** **Eb**

Cause after Halloween

**Bbm**

Everything starts fading

**C#**

I m losing everyone

**G#**

I go down like the sun

**Eb**

You know what I mean

**Bbm** **C#**

I m just someone in a summer town

**C#**

Standing by the old beach house where we stood outside and sang out loud

**Fm**

Now I shiver like a ghost I remember the time that we drew a crowd and

**Cm** **Bbm**

I told you everything I knew in one manic rushing line

**Cm** **Bbm** **G#**

I wonder now if I m the kind that you d leave behind

**G#** **Eb**

Cause after Halloween

**Bbm**

Everything starts fading

**C#**

I m losing everyone

**G#**

I go down like the sun

**Eb**

You know What I mean

**Bbm** **C#**

My whole life is a summer town

**Cm** **Bbm** **Cm** **Bbm** **Cm** **Bbm**

**C#**

I get into the people you met

**Fm**

And the moment comes that you can t forget

Time flies in trajectory

Did you give me more than you took from me

**Cm** **Bbm**

I m as empty now as a vacant sign

**Cm**

Like tonight

**G#** **Eb**

After Halloween

**Bbm**

Can we stay together

**C#**

I m losing everyone

**G#**

And I come undone

**Eb**

Nothing lasts forever

**Bbm**

Last summer s done

**C#**

Can we find another one

Find another one

**G#** **Eb** **Bbm** **C#**

**G#**

Hey where did everybody go?

**Eb**

**Bbm**

Everyone I know is from the coast and

All we are is holding on

**C#**

But we re letting it go letting it go letting it

**G#**

All we are is friends we keep

**Eb**

**Bbm**

When we lose them all its bitter sweet

**C#**

Our real lives will always be in a summer town

\*Stephan does a rap thing in the outro. You can just play Bm, Am for that part.
