Where did everybody go?

Everyone I know is from the coast and

Shiver in the wind it shows

All I have are summer clothes

Oh and it brings me down when it s winter time in a summer town

I go down like the sun

C#

You know what I mean

G#m **B**

I m just someone in a summer town

B

Standing by the old beach house where we stood outside and sang out loud

I told you everything I knew in one manic rushing line
