This is my first song to tab so it may not be a 100% correct. This only about 3/4 of the song. The piano solo is not included. Email me if there are any corrections to be made.

Thanks and enjoy!

Tuning: Standard (Capo on 3rd Fret)

INTRO: **Bm F#m G, D F#m G**

VERSE 1

Bm **F#m**
I see so little time
G
My eyes are crossed, my hands are tied
D **F#m** **G**
All I wanna do is that great thing
Bm **F#m**
I never see a passer-by
G
My skin is cold, it s turned to ice
D **F#m** **G**
And everything I do, I want leaving me

CHORUS:

F#m **G**
And I guess it s a might

With a light that you fight
F#m **G**
You turn a blind eye
D **A** **Em F#m (2x)**
To the world in the sky

VERSE 2

Bm **F#m**
I didn't know in your lies
G
Above your head you hold so high
D **F#m** **G**
All my energy is behind it
Bm **F#m**
A dream for the passers-by
G
My eyes are wasted here tonight
D **F#m** **G**
I never tried to get across the feeling

Em F#m (2x)
