

**Echelon**

**Thirty Seconds To Mars**

**F5 A5 x4**

Look at the red red changes in the sky  
Look at the separation in the border line  
But don t look at everything here inside  
And be afraid, afraid to speak your mind

**G5 D5 C5 A5 x4**

It took a moment before I lost myself in here  
It took a moment and I could not be found?  
Again and again and again and again I see your face in everything  
It took a moment the moment it could not be found?

**F5 A5 x4**

What s with the fascination with the Echelon  
What s with the constant questions that you have this time  
What s with this circumstantial consequence  
Find oversight before this night will ever rise again  
It s all you ve got inside your head, better get up and leave instead

**G5 D5 C5 A5 x4**

It took a moment before I lost myself in here  
It took a moment and I could not be found?  
Again and again and again and again I see your face in everything  
It took a moment the moment it could not be found?

**F5 A5 x4**

To find ourselves lost here within we need reasons why  
So we take this bridge with the other s that will thrive in the great divide

Again and again and again and again I see your face in everything  
Again and again and again and again I see your face in everything

**G5 D5 C5 A5 x4**

It took a moment before I lost myself in here  
It took a moment and I could not be found?  
Again and again and again and again I see your face in everything  
It took a moment the moment it could not be found?
