

This Is What I Want
This Bike Is a Pipe Bomb

The intro is left out because the tab already up here is pretty accurate.
Thanks to Jimmy. May the barley harvest be good to you old friend.

This is what I want, I want all the punks to take to the streets
playing their guitars

This is what I want
It s what I want

This is what I want: Black kids and white kids sharing all the songs
that their grandmamma s taught em

This is what I want
It s what I want

And we ll play em on our horns, we ll bang em on our drums,
we ll play em on our guitars
on our guitars

Singing songs that our mothers sang to us when we were young,
or songs that we may remember reading
Songs we heard a stranger sing or humming on the streets
Songs we made up yesterday, on the porch, in the rain on our guitars

And we ll never sing a song we heard on your radio,
or a song someone else was paid to write or sing
and we ll never sing of sex or of the fakest kind of love,
those songs will not be played on our guitars
