

Hopeful Romantic
This Century

[Em C G D]

Don t stop me from falling, cause I don t wanna play pretend
Cause I just wanna let you in the world I m in
Cause I like the way that you re moving

Don t stop me from dreaming,
you re playing with fire and I can t hold back
Cause I like the way that you re moving

[Em C G D]

Hopeful romantic, I don t ever wanna be alone
It s automatic cause you know I m gonna lose control
I m in the static, I m an addict and you ve got to know
Hopeful romantic, hopeful romantic

[Em C G D]

I m caught up in you and I don t know what else to do
Cause I m under attack and I ve got it bad for you
Come bother me, come bother me
Cause I m begging for mercy, I m down on my knees

[Em C G D]

Hopeful romantic, I don t ever wanna be alone
It s automatic cause you know I m gonna lose control
I m in the static, I m an addict and you ve got to know
Hopeful romantic, hopeful romantic

[Em C G D]

You want to get in the way (I want you to)
If you ve got nothing to say (I ll take abuse)
Cause I got a fever tonight, you ve got me down on my knees
(You ve got me down on my knees)

[Em C G D]

Hopeful romantic, I don t ever wanna be alone
It s automatic cause you know I m gonna lose control
I m in the static, I m an addict and you ve got to know
Hopeful romantic, hopeful romantic

You ve got me down on my knees
(Hopeful romantic)
and I don t know what else to do
(Hopeful romantic)

[Em C G D]

I m in the static, I m an addict and you ve got to know

Hopeful romantic, hopeful romantic
