

**Sound Of Fire
This Century**

This is my first tab, so please bear with me. It's almost near to perfection and accuracy but I still haven't figured out the intro where Sean does some barring in the second fret. So I made my own intro. If anyone knows how, by all means I'd love to know :)

Capo 5.

G(320033)
Am (00221x)
D (000232)
C (x3201x)
Gmaj7 (x5403x)
Cadd9 (x32033)

Oh, when you do G for the first verse and second verse make sure you don't play the 5th (A) string, it remains a dead string :)
