This Providence**

Waste Myself - This Providence

capo on 3rd fret

C **G**
Oh we could lie beneath the stars
 D **Em**
And watch ourselves in passing cars
 C **G** **D**
From the roof of this prison, yeah yeah
 C **G**
Oh we could make this moment ours
 D **Em**
And I could hold you, touch your scars
 C **G** **D**
I can't believe that I have you, yeah yeah

C **G** **D** **Em** **C** **G**
I said... you, I'll waste myself on you
 D **C** **G**
I'd do anything for you
 D **Em** **C** **D**
Yeah, waste myself on you, yeah yeah

C **G**
Like a feather in a hurricane
 D **Em**
That's sweeping through my brain
 C **G** **D**
I can't seem to find hope in this situation, love
 C **G**
Oh, so I tremble like an earthquake
 D **Em**
Your tears are heavy rain
 C **G**
They drown my soul in apathy
 D
like a flood, love
C
Singing now

C **G** **D** **Em** **C** **G**
you, I waste myself on you

D **C** **G**
I d do anything for you
