If you can't make it out from there, here are the lyrics with the chords.

[Intro/Whistle]

**C# F7**  
You know you never seem to mind  
**Bbm G# F#**  
When I show up late in this broke down car of mine  
**C# G#**  
To pick you up and take you out  
**C# F7**  
We make the best of our short time  
**Bbm G# F#**  
And though it's not enough you assure me that it's fine  
**C# G#**  
With windows down let's go for a ride

[Chorus]

**C# G#**  
Cause when I mess up, you never give up your love  
**Bbm F#**  
Yeah I'm a fuck up, but you swear I'm enough  
**C# G# F# F#m**  
And all I know that's true, is just how much I miss you  
**C# G#**  
Hold up, you're running away  
**Bbm F#**  
I swear I told ya, it gets better today  
**C# G# F# F#m** (Once, Stacatto)  
And all I know that's true, is just how much I love you

[Intro/Whistle]

**C# F7**

You know you never seem to mind  
When I get off late and wanna stay in for the night  
We ll watch some Sunny it ll be alright  
And when my world is upside down  
You re always planted firmly, so firmly on the ground  
We ll lay together without a sound

[Chorus]

Cause when I mess up, you never give up your love  
Yeah I m a fuck up, but you swear I m enough  
And all I know that s true, is just how much I miss you  
Hold up, you re running away  
I swear I told ya, it gets better today  
And all I know that s true, is just how much I love you

[Intro/Whistle]

You know you never seem to mind  
When I get off late and wanna stay in for the night
