[Verse 1]

**Am**

I feel the breeze blowing through my hair,

**Am**

I see the leaves flowing in the air,

**C**

It s like a dream, but you re not really there,

**C**

Yeah, it s all in my mind

**Am**

I see your eyes lighting up my night,

**Am**

Like the moon reflecting the sunlight,

**C**

You give me wings, you give me butterflies,

**C**

Yeah, it s all in my mind

[Pre-Chorus]

**Am**

And I ll never say, never say,

**Am**

That it won t be real, cause it s real,

**C**

If Iâ€™m out of place, out of place,

**C**

You re giving me it all

[Chorus]

**Am**                      **F**

Thousand, thousand miles,

**C**                      **G**

I fly up high,

**Am**                      **F**

So I can see your face,

**C** **G**  
And we ll be together again.

**Am** **F**  
Thousand, thousand miles,

**C** **G**  
I fly up high,

**Am** **F**  
So I can see your face,

**G**  
And we ll be together again.

**C**  
Could you imagine?

Golden skies, black sun,  
**C**  
You and me, hand in hand,  
**F**  
No care in the world, cause we were too young to know,  
**C**                                  **G**  
That time will tear us both apart, now I m wishing a better start

[Chorus]

**Am**          **F**  
Thousand, thousand miles,  
      **C**          **G**  
I fly up high,

Could you imagine, imagine  
**C**                                  **G**  
Could you imagine, imagine
