

**All Comes Out In The Wash**  
**Thornley**

IT ALL COMES OUT IN THE WASH...

This is a shoddy attempt at my first tab...

THIS is just a representation... this was done acoustically live on the air @ a radio station...

INTRO..

**F# / A / E / B**

PLAY AROUND WITH THE MINORS AND SUSPENDED FOR LESS BORING PLAY....

IT ALL COMES OUT IN THE WASH

**F# A**

I never d have guessed

**E B**

you and I would be friends

**F# A E BM**

I ll never say never again

**F# A**

I ve spent hours on the phone

**E BM**

and all the rest

**F# A E BM**

I guess I bleed the best

PRE CHORUS

**A B**

And every night it s plain to see

**A B**

it wasn t meant to be

CHORUS

**F# A E Bm F# A E Bm**

After all is said and done, it s over after all

**F# A E Bm**

You barely cried as you waved goodbye

**F# A E Bm**

It all comes out in the wash

Who would ve guessed it would wind up like this

It s better than never again

I ve spent hours in the rain and dried out somehow

I d rather plead the fifth

And every time the morning comes  
I wonder what I ve done

After all is said and done, it s over after all  
You barely cried as you waved goodbye  
It all comes out in the wash

BRIDGE

**A B**  
Empty cars and phone booth scars

**A B**  
Knuckles on the mend

**A B**  
Every time I go too far I d rather wind up

**F# A E Bm**  
Rather wind up dead

(AD LIB SOLO / STRUM THROUGH THE VERSE CHORDS

I should ve guessed it would end up like this  
I ll never say never again

After all is said and done, it s over after all  
You barely cried as you waved goodbye  
It all comes out in the wash.
