

Be Somebody
Thousand Foot Krutch

Not sure how accurate this is, but it sounds alright to me.

No Capo
Standard Tuning

[Verse 1]

Dsus2

I m just the boy inside the man not exactly who you think I am

F#m

trying to trace my steps back here again, so many times

Dsus2

I m just the spec inside your head, You came and made me who I am

F#m

I remember where it all began, so clearly

[Pre-Chorus]

Dsus2

I feel a million miles away still you connect me in your way

F#m

and you created me something I would ve never seen

Dsus2

When I could only see the floor, you made my window a door

F#m

so when they say they don t believe, I hope that they see you in me

Dsus2

After all the lights go down I m just the words, you are the sound

F#m

A strange type of chemistry, how you ve become a part of me

Dsus2

and when I sit alone at night, your thoughts burn through me like a fire

F#m

you re the only one who knows who I really am

[Chorus]

Dsus2

E

We all wanna be somebody

F#m

A2

We just need a taste of who we are

Dsus2

We all wanna be somebody

F#m

A2

We re willing to go but not that far

[Verse 2]

Dsus2

F#m

We re all see through just like

Dsus2

glass and we can shatter just as fast that light s been burned out for awhile

F#m

I still see it every time I pass, It was lost in the corners of my mind

Dsus2

Behind a box of reasons why, I never doubted it was there

F#m

It just took a little time to find, and even when

[Pre-Chorus]
