

My Home

Thousand Foot Krutch

Am **F**
This place is many things, but i d never call it home.
F/E **G**
It s just a building in a city, everywhere I go.
Am **F**
This place is many things but i can t call it home,
F/E **G**
Home is the place you are, and I just want to let you know
C **Asus2**
And i ve done a few things i wasn t proud of,
Am7 **F** **G**
Might have said a few things that hurt you,
C **Asus2**
But you re still the only one who fills me up,
F **Am** **G**
And every night spent alone, was worth it.

(chorus)

C **G**
You are my home,
Am **F**
You are my everything, when i feel so alone,
C **D** **Am**
You are my home, you are my shelter,
F **G**
when all my hope is gone

Am **F**
And i ve seen many things, But they don t look like home,
F/E **G**
They re just the bright lights from a city glowing all night long,
Am **F**
and ive seen many faces, but they all look the same,
F/E **G**
Home is the place you are and i just wanna let you know,
C **Asus2**
that i ve done a few things i wasn t proud of,
Am7 **F** **G**
might have said a few things that hurt you,
C **Asus2**
but you re still the only one who fills me up,
F **Am** **G**
and all the tears that we ve shared were worth it.

(chorus)x2

C **D** **Am** **F** **G**
when it all comes undone,

C	D	Am	F	G
when	it	all	comes	undone,
C	D	Am	F	G
when	it	all	comes	undone.
(chorus)
